Daily Twenty-Eighth Year No. 220

AMERICAN WAGON FACTORY A MARVEL

STEEL AND WOOD IS HANDLED AS EASILY AS PIE DOUGH.

WAGON BEDS VERY POPULAR

Machinery Automatic and Perfect Product Is Turned Out Rapidly From Factory.

Through the courtesy of Mr. E. B. Overshiner, president of the American Wagon company the editor of the Dixon Evening Telegraph was shown all through the mammoth manufacturing plant of the above named company.

On entering the office in the main building the busy clatter and click of the typewriters and order clerks getting the orders ready for the factory impresses one immediately of the hustling business spirit this company has shown since starting their first big plant in this city. The editor was told that a huge pile of letters was all orders for the Melrose Convertible Wagon Beds, coming from all parts of the United States and Canada, and to further prove this the editor was shown by Mr. Overshiner the contents of many each of them containing checks money orders and currency and all clamoring for a quick shipment of a "Melrose Bed."

An Interesting Factory.

Then we went from the office to the stock room, where hundreds of thousands of metal parts were stored. "Certainly a lot of money invested here," we said. "Oh, only about thirty or forty thousand dollars," Mr. Overshiner said. Then we went into the assembly hall, looking from one end to the other; it is so long that it seemed like looking into a long, well-lighted tunnel. Along each side of this immense building there is an overhead trolley system for carrying the assembled parts; along comes two whole sides of a wagon bed, then a bottom, then the end gate, each suspended by its individual trolley and runs smoothly along the overhead steel track and into a great warehouse and loading platform.

Going on down in the long building we came to two large tanks, one filled with paint and one with varnish, each holding hundreds of gallons. One can imagine their immensity when they realize that a whole side of a wagon bed is dipped clear under the paint and lots of room is left. The editor asked Mr. Overshiner how these tanks were heated, and he said, "Why, they are not heated at all. That bubbling and swirling you see is the constantly revolving paddles at the bottom of each tank; we do that to insure a perfect mixture, so that the paint and varnish will always be smooth and give the wood and iron good, heavy coats." Special hoisting machinery is made to handle the wagon bed without having to be lifted by hand. These hoisters pick up a completely assembled side, run over a trolley to the tanks, let it down into the tanks, pull it out again and up into the drying room. The editor has seen the way the packing houses handle pigs on wheels and a trolley system but when the American Wagon company picks up a whole side of a wagon and handles it without lifting, we have to hand them the prize for the most modern and up-to-date methods of manufacturing and handling.

Machinery Almost Human

Then we went into the metal working machinery hall. Here are automatic machines with seeming human intelligence; one powerful press handles, bends, doubles, punches a hole here and there in a piece of steel just as easily as a woman handles a piece of pie dough.

Another machine picks up a rod cuts threads on both ends and casts it on a truck ready to be hauled to

the stock room. Another machine takes a flat piece of sheet steel and rolls it into a hollow tube with a slot in each end for riveting. When we saw this piece of work we threw up both hands and said, "I don't doubt anything you can say you can do again; it's wonderful."

Machines Work in Gangs.

Then into the wood-working plant. The noise that department makes would make a boiler factory a nice quiet little place. One huge machine with spindles galore was taking up a 12-foot, 12-inch board and boring 16 holes, all at different angles, all at the same time, one man doing 16 men's work. Another machine was cutting six diagonal gains in a board all at one time; another was planing, another sawing off in several places in the same board, all at the same time; another was cutting the edges so that the side slats fold together so true and tight, that makes the grain-tight beds they sell.

"What's that awful noise outside?" we asked Mr. Overshiner. "Oh, that's only a steel tumbling barrel; it made so much noise that we had to build a shack outside for it. It is used to put all the steel parts in, then revolve the huge hoghead-like steel barrel and as the parts hit against each other it takes off any burr edges on the metal parts. We do this so that the users of our beds will not hurt their hands on any sharp points that might exist, when coming from the power presses."

Motors Drive Machinery.

Then we looked into the dry kilns where thousands and thousands of feet of lumber is being re-dried. Mr. Overshiner stated that "All the lumber purchased has to be kiln dried before being shipped to us. Then we kiln dry it a second time to insure a perfect product." Then we went into the engine room. "Where do all these wires come from?" was asked. Mr. Overshiner explained that all machinery was driven by individual Group Drive electric motors, which is the most modern and up to the second way to drive machinery. Then we went to the loading platforms and warehouse. The Chicago & North western and the Illinois Central railways have tracks on the property of the American Wagon company running directly to the loading platforms and warehouses, this facilitating the handling and shipping of the product.

"Well," we said, "there is only one more way that you could improve the method of making wagon beds on such a huge scale as you do. After all we have seen you accomplish in Dixon, and in such a short time, that you could make one mammoth machine, throw in a lot of lumber, iron and paint, turn a crank and out would come a complete wagon bed."

Every Part Interchangeable.

One thing noticed was the absence of any cast iron parts, everything being made out of cold rolled steel, which is said to be tough and cannot be broken. In the assembly room, where men were putting the beds together, we noticed that each part fitted another exactly; there was no hand work or re-drilling or pounding into place; everything seemed to fit and slide into place.

Great Thing for Farmers.

Then we were shown a completely assembled "Convertible Wagon Bed" and the newspaper man made 15 different changes in same in less than 15 minutes and as they say in their literature, all without adding to or taking from the bed one single piece or the use of any tools. If the farmers of this county don't buy this marvelous invention, then we are no judge of what is a great and useful thing. It doesn't seem reasonable to us that after any farmer sees it, that he could be paid to do without it. It is the only real improvement on the farmers' wagon beds ever made. It is simple, strong, durable and they sell it for less than its true worth, money and labor saving advantages to any and all farmers.

A visit to this plant certainly opens one's eyes. We had no idea that so much work had been accomplished and in such a short space of time. A visit there is a good education in the science of up-to-date manufacturing methods. Dixon people

STOP ANY FURTHER BLOCKING OF STREET

POLICE DEPARTMENT INSTRUCTED AS TO RIVER STREET TROUBLE.

TO IMPROVE ROAD TO FACTORY

City Will Also Build Cinder Walk to Wagon Factory—Care For Sewers.

COUNCIL PROCEEDINGS AT A GLANCE.

Increased salary of city stenographer from \$30 to \$40 per month. Instructed city attorney and police department to take action against John Coffey if he again blockaded River street.

Granted use of steam roller to Dixon highway commissioners, users to pay the hire of city's engineers.

Last night's meeting of the city council did not result in the transaction of a great deal of important business, but the session was an interesting one nevertheless, in that the commissioners talked over several contemplated improvements, and also discussed local conditions.

Probably the most interesting bit of business was the report of City Attorney Mark Keller on the controversy with John Coffey, who lives east of the city, and who blockaded River street several times last week, claiming that the street was on his land.

Not In City Limits.

The city attorney reported that Mr. Coffey's property is not inside the city limits, and that the part of the street he claims does not even front his property, but belongs to Mr. Parsons. The commissioners decided to take legal proceedings to stop any further blockading of the street inside the limits, and accordingly the city attorney and police department were instructed to proceed according to law should Mr. Coffey again obstruct the highway.

Raise Stenographer's Salary.

The commissioners also amended Ordinance No. 10, which provides for a city stenographer, by increasing the salary \$10 per month. This move was absolutely necessary to hold the present efficient stenographer or to secure another, in that the amount of work that has come into the clerk's office with the transferring of the cemetery books, special assessments, etc., to the office requires much more work than heretofore. In fact the clerk and his stenographer have had to work many hours overtime to handle the business that is now in the office.

To Rent the Roller.

Commissioner Schuler reported to the council that the commissioners of Dixon township had requested the use of the steam roller to repair Lord's hill west of the city. It was finally decided to allow the township authorities to use the roller providing they pay the salary of the city's operator.

The matter of building a cement walk to the American wagon factory was again brought up, but the council took no action on the matter, and left it for the board of local improvements to originate a scheme for the construction of the walk. Commissioner Schuler was instructed, however, to grade the street there, and to build a cinder walk, which can be used at any time it is necessary to put in the cement.

Sewer Conditions.

The recent heavy rains, which in many cases have taxed the sewers, brought about the statement that the Fifth street sewer is bowed up near Galena avenue and that because of this water has backed into some of the cellars in that vicinity. The council took no action in this matter.

It also developed that the sewer connections on East Second street are not sufficient to take care of the surface water near the Roper furniture factory and that the water has run into the company's dry kiln, causing some damage. The commissioner of streets will make some arrangement to remedy the condition.

SUBLETTE MAN BEFORE GRAND JURY

ADAM KLINE IS CHARGED WITH CRIME AGAINST YOUNG GIRL.

Adam Kline of Sublette was arrested last evening by Constable Jewell on a warrant issued by Magistrate Beeber, charged with rape, his victim being the thirteen-year old daughter of Mr. and Mrs. W. L. Leffleman of Sublette. Kline waived his preliminary examination and was bound over to the grand jury. Immediately Sheriff Reid and States Attorney Edwards were notified and they went to Sublette during the night and brought the prisoner to the county jail, where he is now awaiting the action of the grand jury.

The story of Kline's crime is especially revolting, and the entire community of Sublette was aroused last night. In fact when the sheriff and states attorney arrived in the village they found a crowd of over 500 people muttering against the prisoner, and it is very likely that had the mob had a leader they would have done the fellow bodily injury.

Girl's Condition Critical.

The little victim of the man's depravity is at the Sublette hospital, and for a time it was thought she could not survive. However, reports this morning are to the effect that, while her condition is very critical, it is thought she will live. Doctors worked over her all night.

Kline, who is a painter, and who had at odd times tended bar in Sublette, has been boarding at the Leffleman home. He is about 35 years of age and has been in Sublette for some time, having come there from Peoria.

FELL FROM CAR; SEVERELY INJURED

CHARLES JONES OF STERLING MET WITH A SERIOUS ACCIDENT.

Charles Jones of Sterling fell from a moving street car in that city Sunday morning and was severely and probably fatally injured. He is about 65 years old and very corpulent. For years he has been suffering from hernia, and when he fell he broke his truss, and this released the hernia. This, together with his weight, as he fell upon his abdomen, severely injured him internally. He became worse Monday afternoon and was taken to the Whiteside county hospital.

Jones claims that he rang the bell before he attempted to get off, but both the motorman and conductor state that the bell did not ring at the corner he left the car nor at the previous corner.

Died This Afternoon.

Sterling, Sept. 19—Special—Chas. Jones, who was injured Sunday by falling from a street car, died at the county hospital here this afternoon as a result of his injuries.

REVOLUTION HAS STARTED IN SPAIN

MARTIAL LAW IS DECLARED IN ALL PARTS OF COUNTRY TODAY.

Madrid, Sept. 19—Special—Martial law is declared in all parts of Spain. This means that a revolution has broken out in the kingdom. A double guard has been placed about King Alfonso and the royal family.

Troops patrol the streets of the capital and precautions are taken in all parts of the country. The trouble is the result of a general strike.

SHOE MACHINERY CO. IS INDICTED

FEDERAL GRAND JURY IN BOSTON SAYS CONDUCT IS A MONOPOLY.

Boston, Sept. 19—Special—The United States Shoe Machinery company was today indicted by the federal grand jury on the charge of being a monopoly in restraint of trade and an infringement of the patent laws. The government has been working on the case since April.

LEE COUNTY FAIR IS OPENED TODAY

LARGE CROWD IS PRESENT TO WITNESS ATTRACTIONS OF FIRST DAY.

WEDNESDAY HOME COMING DAY

List of Entries for Horse Races on Wednesday Promises Good Day's Sport.

Amboy, Sept. 19—Special to the Telegraph—The Lee county fair was opened today with a very fair attendance and an especially large number of children, the occasion being Children's day. For their benefit there were several pony races this afternoon, also a number of stunts for the youngsters.

The indications are that the fair will establish a record at which to aim hereafter. The number and class of exhibits in every department and the attractions is something unsurpassed in the history of fairs in this vicinity and it is apparent that the association's boast of having the biggest and best fair in northern Illinois is not an idle one.

Races Tomorrow.

Tomorrow will certainly be a monster day at the fair. It is home coming day and in addition Senator Wm. Lorimer will be here and make an address. The races will start tomorrow and the track is reported by horsemen to be in the best of condition despite the heavy rains of the past week. The entries for tomorrow's races are:

2:20 Pace—Purse \$250.

Nellie McRose, J. M. Hall, Mattoon.

Bird, Frank Melhausen, Ashton.

Exall, J. W. Hoyle, Dixon.

Garcia, Amos Bosworth, Dixon.

Buster Brown, George Eysner, Oregon.

There will also be a half-mile running race, purse \$50.

DIXON MERCHANTS APPEAL FOR TRADE

BACK UP THEIR ADVERTISING WITH GOOD GOODS AND LOW PRICES.

Owing to the large amount of advertising in the Telegraph this evening the local pages are disturbed and reading matter of local interest will be found on every page. It will pay the reader to inspect the many advertisements to be found in the Telegraph. They present opportunities to buy correct style, fine quality goods and at low prices in the best stores in Dixon, and Dixon has stores that are unequalled in any city of its size in the United States, bar none. Trade at home, Mr. Citizen of Dixon and you, Mr. Resident of Lee county, can do no better anywhere and at the same time it is to your interest to support Dixon, your county seat and leading city and keep her reputation in business circles as fine as it always has been.

JOHN MAHAN PROBABLY FATALY INJURED

HANDSOME CANOPY FOR DIXON INN

IS BEING ERECTED OVER WALK AND LIGHTED BY ELECTRICITY.

A handsome new canopy, twelve feet square, which reaches from the building to the edge of the sidewalk, is today being erected at the Dixon Inn, and the improvement is one that will be greatly appreciated by the patrons of the hotel, and will also add greatly to the appearance of the building.

The canopy is suspended by heavy chains and is made of bronze and glass. A big lion's head adorns the front of it and many electric lights inside will illuminate it at night. The name of the caravansary appears on the three sides and thus the canopy also does duty as an electric sign. It is being erected by an Aurora firm.

REFUSE STOPS UP STORM SEWERS

FINE TO BE IMPOSED UPON ANY-ONE THROWING REFUSE INTO GUTTERS

The throwing of any kind of refuse, sticks or grass into the gutters will result in the prosecution of the offender. This was the decision reached last night by Commissioners Schuler and Gannon, following a statement from the street commissioner that nearly every sewer in the city had been stopped up repeatedly during the recent rains by refuse which was thrown into the streets.

The superintendent reports that sticks, grass and leaves have been washed into the catch basins and manholes and completely dammed the outlet, requiring a great deal of extra work and also causing streets to be overflowed in many places.

The ordinance provides for a fine of from \$10 to \$100 for the throwing of grass, ashes, etc., into the streets and the provision will be rigidly enforced in the future.

CITY COUNCIL HAS WATER CO. STATEMENT

WILL TAKE SEVERAL DAYS FOR COMMISSIONERS TO EXAMINE DOCUMENT.

The promised statement from the Dixon Water company showing the business done by the company during the last ten years, and also showing the receipts and expenditures, and for what purpose such expenditures were made, was delivered to the commissioners yesterday.

However, the figures will not be made public until the city officials have had time to go over the statement carefully, and also investigate the company's books if that seems necessary. The report is lengthy and will require several days of study on the part of the commissioners.

JUDGE GROSSCUP RESIGNS HIS PLACE

ACTION CAUSES SURPRISE—DECLARES HE WANTS MORE FREEDOM AS CITIZEN

Chicago, Sept. 19—Special—Judge Peter S. Grosscup of the federal court of appeals, today announce his intention of resigning his place on the bench in a few weeks. He gives as his reason a desire for more freedom as a citizen and individual. His action has caused much surprise. It is understood his resignation takes effect Oct. 1st.

Chicago, Sept. 19—Fair today and tomorrow; cooler today; moderate westerly winds today; becoming variable tomorrow.

DIXON YOUNG MAN IS STRUCK BY NORTHWESTERN TRAIN TODAY.

FACTORY ENGINEER IS HURT

Irvin N. Goodwin of Cement Plant Is Also Probably Fatally Injured.

John Mahan, son of Mr. and Mrs. John Mahan, 516 Eighth street, was struck by Northwestern passenger train No. 14 eastbound about 10:45 o'clock this morning and received probably fatal injuries. The accident happened about three miles east of this city, where the young man was employed on the section, and no one witnessed it, consequently it is not definitely known how he was hit.

The victim of the accident was working alone about a mile east of the main section gang when the passenger train, running at full speed to make up lost time, came through. He was not missed by his fellows for some time. Finally, however, he was found lying along the track, with a severe wound in the forehead.

Taken to Hospital.

His companions immediately started to Dixon with the young man and an ambulance was called. He was taken to the Dixon hospital, where the railway surgeon attended him. It was found he had a severe fracture of the skull, the blow evidently striking him in the middle of the forehead. At 3 o'clock he had not returned to consciousness and the attending surgeons had not thought it wise to operate upon him.

It is thought Mahan was stooping over when the train approached and stepped back from the track a distance he thought was sufficient to clear him of the locomotive. It is very probable that the fireman at the time was down in the cab of the engine shoveling coal, as the trainmen made no report of the accident, indicating that none of them saw the lad after he was struck.

Staggered in Circles.

Marks in the gravel indicate that after he was struck the young man staggered about in a circle two or three times, after which he fell along the track. There were no other marks on the body, which show that he was not directly in the path of the oncoming train.

CEMENT PLANT ENGINEER SERIOUSLY INJURED

Irvin N. Goodwin, an engineer at the Sandusky cement plant east of this city, received injuries which are very serious and which may prove fatal, while at work in the quarry near the plant at about 10 o'clock this morning.

Goodwin was working about the big steam shovel, when the heavy arm of the machine swung around, hitting him on the back of the head, fracturing the skull at the base and also inflicting injuries to the base of the brain.

He was hurried to the Dixon hospital, where he was given attention. His surgeon reports that his condition is very critical and that it has been impossible to operate upon him.

FAMILY THEATRE CURTAIN UP EARLIER

Family theatre curtain goes up at 7:45 each evening and the patrons should keep this in mind if they do not wish to miss a part of the "always good" program. The old hour was 8 o'clock. If you get in early you will avoid the proverbial rush.

OFFICERS OF S. D. & E. E. IN DIXON TODAY

John I. Beggs, Robert Camp and C. C. Smith, president, treasurer and general manager, respectively, of the Lee County Lighting company and the S. D. & E. E. are here today from Milwaukee looking over their interests in this city, and attending the annual meeting of the stockholders and directors.

Dramatic Notes

FAMILY THEATRE

The patrons of the Family theatre are having a treat this week in Schemda, the wonderful violinist. Local musical critics speak in glowing terms of his first appearance last night, and that the general public can appreciate his music was amply shown last night when he was called back four times by the persistent applause of his auditors. He is on the bill for tonight and tomorrow night. The other vaudeville act the first half of this week is Pierce and Jackson. Their exhibition of bag punching is the most clever thing of the kind ever seen in Dixon.

The first curtain will hereafter go up at 7:45 each evening, for the fall and winter season. Therefore all should be present early so as not to miss the opening of the program. Pictures change tonight.

THE PARISIAN BEAUTIES.

The Parisian Beauties are billed to appear at the Dixon opera house on Saturday, Sept. 23. This is conceded to be the best of the larger musical comedies and promises an entertainment both lively and interesting. Like all attractions of this order, a lavish display of handsomely costumed girls, witty comedians and catchy music are its principal actors, combined with several new and startling sensations to add to the variety. "Splendor" the \$10,000 spectacular electrical novelty, will be an added feature.

PRINCESS THEATRE.

The management of the Princess theatre has booked for tonight the most interesting film on the market, entitled: The Chicago Stockyards Fire. Everybody remembers reading about this fire. The film is pronounced by experts to be the greatest fire picture ever produced. It was a conflagration which caused many deaths and rendered over 500 people homeless. The camera man took many hazardous chances to film this scene while working near falling walls and which were driving back members of the fire department. It is a picture that will thrill you through and through. Following this will be a western comedy, Branding a Bad Man, and, A Western Dream. The last picture is entitled Marked for Life, a strong dramatic picture.

IS NATURALIZED.

Lewis Kaalass of Steward was granted his first naturalization papers in the circuit court late yesterday afternoon. Kaalass was born in Berger, Norway, and has been in this country since March 26, 1906.

Joseph Barry has returned from a short vacation trip to Escanaba and Kalamazoo.

COURT DOCKET WILL BE CALLED TOMORROW

A FEW UNIMPORTANT MATTERS TAKEN UP IN COURT TODAY.

Not much business was done at the opening of the circuit court today, a few common law and chancery matters being taken care of. The grand jury is still in session and probably will not get through their work until tomorrow afternoon or Thursday morning. The docket will be called tomorrow morning at 10 o'clock, at which time the trial list will be made up.

What the "Clothes-Sense" Means

Why do we instinctively class some women as "good dressers?"

Because such women know intuitively what fabrics belong to certain styles; what colors can be combined; when lines are artistic; when there is just the proper touch of trimming; when the whole effect is "right;" what is the correct dress for each separate occasion.

They are always well-dressed. But you only find one such woman now and then.

This sense, developed to a science, is what guides the designers of the great manufacturing garment houses. These designers supply the "clothes sense" for the millions of women whom they serve.

This Wooltex Coat Illustrates the Point

No matter where this coat appears, its air of good style will be noticed and commented upon.

In the crowd or alone, it stamps the wearer as "well-dressed"—she's approved of.

It's not an expensive model nor an elaborate one. Both materials and design are best described by that expressive word "smart". You'll understand exactly what we mean when you try it on before the mirror.

It's a likeable coat. It seems to belong to you and you'll think of a dozen places you'd love to wear it. Ten minutes will be ample time to look it over.

Whenever you see these garments with the Wooltex label, note particularly the refinement of the design, the becoming lines, the custom-made look. And bear in mind that Wooltex garments are guaranteed to retain that appearance through at least two seasons. Won't you give us the pleasure of showing them to you soon?

SALE NOW GOING ON

Especially Important News From Style Headquarters

We announce a visiting season for the style loving men of this city--at this store. Come to learn--to inspect the new styles and patterns we now have on display.

Fall Suits and Overcoats are here; this showing unqualifiedly the largest and best ever shown hereabouts; it comprises the pick and cream of all the creations of

The House of Kuppenheimer

Those master craftsmen whose name on a garment stands for the best of all that is good in clothes.

Here you'll see a diversity of style and fabrics such as has never before been shown in this section; worsted; tweeds; homespun; serges--a remarkable showing all priced in reasonable conformity to worth.

Here you'll find that satisfying service in selections that means certainty of style--of fit and of fabric.

You are earnestly requested to pay this store a visit--if only one of inspection.

THE PLYMOUTH ISADOR EICHLER

PAID IN FULL.

An Irishman was sitting in a station smoking when a woman came, and, sitting down beside him, remarked:

"Sir, if you were a gentleman you would not smoke here."

"Mum," said he, "if you wuz a leddy you'd sit farther away."

Pretty soon the woman burst out again:

"If you were my husband I'd give you poison."

"Well, mum," returned the Irishman, as he puffed away at his pipe, "if you wuz me wife I'd take it."

AGREED WITH HER.

"Johnny," said the teacher, "if coal was selling at \$6 a ton and you pay your dealer \$24 how many tons will he bring you?"

"A little over three tons, ma'am," said Johnny promptly.

"Why, Johnny, that isn't right," said the teacher.

"No ma'am, I know it ain't," said Johnny, "but they all do it."

WILL ESTABLISH A WALKING RECORD

As a result of a discussion on their merits as long distance walkers, Frank Cahill and George Harpold will endeavor to prove the power of their "legs" Sunday afternoon. They will leave Dixon at 2:30 p. m. and are to walk to the Grand Detour bridge, via the River road, in an hour. The stunt is attracting considerable interest among their friends and several wagers have been made as to the success of their race against time.

ENVOIOUS WOMEN

YOU CAN HAVE JUST AS LOVELY
A HEAD OF HAIR AS ANY
WOMAN.

Don't feel blue because your hair is lifeless and faded, get a bottle of Parisian Sage and see how quickly it will become brilliant and fascinating.

Use it daily for a few days and note how quickly itch ceases and dandruff vanishes.

It stops falling hair too and makes thin scanty hair grow thick and profusely.

It's the real invigorating delightful hair dressing for men, women and children and best of all, if it doesn't do just as advertised you get your money back. It kills the dandruff germs, and for 50 cents you can get a large bottle at Rowland Bros. and druggists everywhere. The girl with the Auburn hair is on every bottle.

OPEN HOUSE AT "Y" FRIDAY NIGHT

PUBLIC IS INVITED TO AN INTERESTING PROGRAM ON THAT EVENING.

The indications are that the big open house and reception to be tendered the public at the Y. M. C. A. on Friday night will be one of the biggest social events of the season at the Y. Arrangements that have been made promise an evening of thorough enjoyment for all and there will be a number of surprises which will certainly prove interesting.

State Secretary Schumaker will be a visitor, and make a short address during the evening, and as this will be the state official's first visit to this city his talk will certainly be of benefit to the friends and patrons of the Y. There will be a short program of music and addresses and Physical Director Parks, who is an accomplished man in his field, will furnish some entertainment. The dormitories will be open so the public can see the kind of home provided for the roomers there and the entire building will be open for inspection.

Board Met Last Night.
A meeting of the directors of the association was held last evening at which plans for the future, which will be announced Friday evening, were made, and from the interest shown by all concerned the prospects for the coming winter are especially bright.

The social committee of the Ladies' Auxiliary and the association will meet this evening, at which time final plans for the refreshments and other details of the reception Friday evening will be completed. It is hoped to make the affair a riot of happiness and good fellowship.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning

Turn the rascals out—the headache, the biliousness, the indigestion the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

HURT WHEN MOTOR CYCLE TIRE EXPLODED

Roy Brown of Morrison met with quite an accident while speeding his motorcycle on the track at the Morrison fair grounds last Sunday. He was going at a speed of 45 miles an hour when the front tire exploded. This caused the machine to skid and the rider was thrown with great force from the machine. He slid and rolled along the ground for several rods and was picked up unconscious. No bones were broken but he was severely cut and bruised about the face and body.

DEMENT TOWN DOINGS

Harry Wendell's papa, who has been here for several days from Polo looking after the lad, returned to his home today. He says he thinks the lecture he gave his offspring will last for several days.

It is said that Clarence Levi, that handsome young man who talks so much with his hands, once when he was a small youngster fell into a river. He started to call for help, but by the time he had called sufficiently to attract attention he swam ashore, the effect of so much calling furnishing the propelling power.

"Extragood" Boys Clothes

The Confidence of parents that they will find in our boys' department the same high standard of quality and fairness of prices as in other lines is well known, and we appreciate it

We take pleasure in selecting and furnishing to the boys of this town and vicinity the kind of clothing and accessories every young man likes—those designed, cut and tailored with the same care and good taste as is characteristic of our men's clothes. The fabrics, too, are carefully selected for stylishness, wear and color and shape retaining qualities

We take lots of pains with the boys—bring your son in—he'll like us and we will please you both

Young America is vigorous, full of life, and seemingly bent on destruction, of clothes particularly. We realize this, and select accordingly. You'll find that our boys' clothes wear the possible limit and look well always.

RALLY DAY AT LUTHERAN CHURCH

ST. PAUL'S SUNDAY SCHOOL AND CHURCH WILL OBSERVE SEPTEMBER 24.

The annual mustering of forces will occur at St. Paul's Lutheran church next Sunday, Sept. 24th. A special midweek service will be held Wednesday at 7:45 p. m. and Thursday evening a social for all members and friends of the Sunday school and church will be held. A good program will be rendered, and Mr. Bailey, the new Y. M. C. A. secretary, will make a few remarks. Light refreshments will be served free to all.

It is the desire to have present on next Sunday those who have been enrolled during the year and any others who may wish to come. It is hoped that many in the Home department and Cradle Roll may be able to attend. A pleasant surprise awaits the children. The pastor will deliver a short sermon to the little men and women at the morning service following the Sunday school hour. The text will be the Song of Solomon, chapter 2, verse 3; the subject, "Why boys and girls are like Apple trees." With a favorable day, good music and appropriate exercises, the occasion ought to be profitable and helpful to all.

FRANK MESSER TO MOVE HIS STORE

Frank H. Messer is expecting to move the Dixon Tea and Coffee house, of which he is proprietor from its present location on First street soon and will locate in the Baker building, 80 Galena avenue. He expects to be moved by next week.

BOARD OF LOCAL IMPROVEMENTS MET

The board of local improvements met this afternoon at 5 o'clock to originate a scheme to construct a cement walk to the American Waggon factory, and also to consider other improvements that are needed.

FINAL SPECIAL ASSESSMENT NOTICE.

Public notice is hereby given that the Board of Local Improvements of the City of Dixon in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee, on the 16th day of September, A. D. 1911, a certificate showing the final cost of constructing the Sanitary Sewer in First Street, Highland Avenue and Second Street, from a point in the middle line of said First Street, Ten (10) feet west of the west line of Highland Avenue (at a Sewer there located), to a point in said Highland Avenue twenty-five (25) feet easterly from the west line thereof and about twenty-five (25) feet south from the south line of First Street; thence southerly in Highland Avenue (twenty-five (25) feet from and parallel to the west line of said avenue), to the middle line of Second Street; and thence along the middle line of Second Street both westerly the distance of 195 feet and easterly the distance of 245 feet, with house-connection laterals from sewer to curb line and the necessary man-holes, constructed in said City of Dixon under and in pursuance of City of Dixon Local Improvement Ordinance No. 128, Series of 1911, and the amount estimated by said Board to meet accruing interest on bonds and vouchers issued to anticipate the collection of the assessment for said work. Said certificate also shows that said work has been done and completed by the Contractor doing the work in substantial conformity to the requirements of said ordinance and has been duly accepted by said Board.

The final cost of said improvement and the amount estimated for interest as shown by said certificate are:

340 ft. of 8" Sewer (in First Street & Highland Avenue), @ 40c	\$136.00

DIXON "HIKERS" TOOK LONG TRIP

MR. AND MRS. TIM SULLIVAN ENJOYED A 225-MILE WALK.

The Freeport Standard of Monday says: Mr. and Mrs. Tim Sullivan of Dixon who have been hiking through this section of the state for several days spent Saturday evening and last evening here. They left Dixon Monday for their their hike, a pleasure trip and when they arrived here had traveled 180 miles. The remaining distance to Dixon is about 45 miles and when they have completed the trip will have traveled about 225 miles. During the trip they visited Oregon, Rockford, Beloit, Janesville and Freeport. They are also planning an extended trip for next year.

LOCAL APPLES GROW TO GREAT SIZE

Henry Decker of this city, whose farm is in Palmyra township, raised some fine apples of the Wolf River variety. Two of the apples he gathered each measured 1 1/2 inches in circumference, and many others were nearly as large.

Feet Tired

A SIMPLE, EASILY APPLIED REM-
EDY FOR TIRED, HOT, ACH-
ING, PERSPIRING FEET
SICK FEET

Are your feet tired and sore? Do
your feet ache? Do they burn? Are
your troubled with perspiring swollen
feet?

An old army surgeon compound-
ed a remarkable remedy for sick
feet, which is offered to the public
under the name of HEALO.

You'll find it glorious to walk
even with tight shoes by using Healo
for your feet. Healo gives imme-
diate and wonderful relief to the
feet, from the very minute you use
it. It is exquisitely cooling and or-
derless, and gives you velvety feet,
sweet feet;

Healo absolutely prevents perspira-
tion, not only of the feet, but of the
arm-pits as well, ending all embar-
assments and disagreeable odors
caused by excessive perspiration.

Healo contains no starch
or sticky ingredients, and is absolute-
ly guaranteed.

Healo cleanses the pores of the
skin, and makes the diseased tissue
healthy.

Healo relieves and prevents corns
and bunions.

Healo is sold in spray top boxes.
All Dixon druggists sell Healo. 25c
at their stores or by mail to their
out of town customers. 17

Why is the soda cracker to-day such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

To-day there is a soda cracker which is the recognized staple — U need a Biscuit.

U need a Biscuit are the most nutritious food made from flour and should be eaten every day by every member of the family from the youngest to the oldest.

U need a Biscuit— soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection— kept to perfection until you take them, oven-fresh and crisp, from their protecting package.

COMFORTING WORDS

MANY A DIXON HOUSEHOLD
WILL FIND THEM SO

To have the pains and aches of a
bad back removed, to be entirely
free from annoying, dangerous ur-
inary disorders is enough to make
any kidney sufferer grateful. To tell
how this great change can be brought
about will prove comforting word
to hundreds of Dixon readers.

Mrs. A. Bott, 811 College Ave.,
Dixon, Ill., says: "My advanced age
probably had as much to do with my
kidney complaint as anything. The
first symptom of my trouble was
backache, sometimes accompanied
by pains across my kidneys. It was
difficult for me to get about and I
felt miserable in every way. Doan's
Kidney Pills had been used in my
family with such great benefit that
I was finally led to get a box at
Leake Bros. Co.'s Drug Store. They
not only relieved the backache, but
toned up my entire system. I consid-
er Doan's Kidney Pills an excellent
kidney medicine and I am glad to
give them my endorsement."

(Statement given April 15, 1909).

A Second Statement.

Mrs. Botts was interviewed on Jan-
uary 5, 1910 and she said: "You are
at liberty to continue the publica-
tion of my former endorsement of
Doan's Kidney Pills. I would not be
without a supply of this remedy in
the house, for I know it can be re-
lied upon to bring relief from kid-
ney disorders. Other members of my
family have used Doan's Kidney
Pills and in every instance benefit
has been received."

are proud to have such a great institution in their city. During the banquet the citizens recently gave to the officers and directors of the American Wagon company, Mr. Over-shiner predicted what his company was doing, and the editor now realizes that he did not paint the picture one-half as bright as the American Wagon company really is.

The apple orchard lands we are now offering are pronounced by horticulturists to be most superbly endowed with those elements of nature including climate, water, sunshine, character of soil and location, etc., including altitude, of any orchards in America. The land is particularly adapted to the growing of the finest, well known varieties of winter apples. We give bond, guaranteeing your money back and 7 per cent if for any reason purchaser is dissatisfied, also to repurchase at end of 5 years at advance of \$100 per acre over purchase price.

There is "big profit" to be made by buying a Ten Acre Orchard Tract Now, before the price advances.

Investigate. Call and see us. We have some very choice bargains in our lines.

BARTLETT PEARS ABOUT OVER.

The Time for Duchess, Sheldon, DeAnjou, Clairgeau and Seckel. Too early for the Keifer.

The later varieties of MICHIGAN PEACHES are commencing to come and are the finest canning ones of the season. They are not expected to be as cheap as the earlier varieties owing to their better "keeping" qualities, which allows them to be shipped farther from their home and will arrive in good condition. Grapes are a good crop and likely will be very reasonable.

When in need of any of these fruits, call the
